

GO GREEN FOR TEENS!

It is not often that you get to accomplish TWO GREAT GOALS with one good deed...well, now you can. **MaineTeenTalk** has partnered with the innovative drop & go bottle return system, **CLYNK**.

GOAL ONE: You are supporting **MaineTeenTalk**, a program designed to help teens in Maine create and maintain healthy relationships. The goal of the program is to increase teen knowledge of the skills and behaviors needed for healthy communication and conflict resolution. We also explore financial competency by creating a viable personal budget and exploring the impact (positive and negative) of credit cards.

GOAL TWO: You are doing your part to help Reduce, Reuse and Recycle. **CLYNK** is fast, clean and smart. Simply fill the green bags with your recyclables and drop them off at any of the 20 **CLYNK** locations conveniently located in Hannaford Markets throughout southern Maine. (Even their green bags are recycled after every use... How cool is that?)

THANK YOU!
