

Feedback from Students

“The class definitely makes you think, and that’s good.”

“It’s enlightening to learn about how a relationship should be, and how you should be treated and how you should treat others.”

“This is my best class. I look forward to it every week.”

“The optical illusions, videos and brain teasers worked well to keep us interacting.”

“You guys were great. Funny, to the point, informative. Wicked awesome. You helped me understand myself a lot better.”

“I LOVED THIS PROGRAM. COME BACK SOON!”

“This class taught me a lot about relationships, drugs, credit cards and emotions.”

“I thought all the statistics were very surprising, but interesting.”

“I learned a lot, and can understand that the lessons you taught me will be with me for a lifetime.”

“I liked the role playing.”

“This is a helpful class. I understand so much more now.”

Feedback from Teachers

“The program has been a great part of my classroom this year. I am trying to make it a required part of our Health Curriculum for next year.”

“This type of program is essential for kids and, unfortunately, lacking in most areas of education. I have been very pleased with the impact it has had with our freshmen this year.”

“We have started and the kids are really receptive to it. It is opening discussions that would normally be off limits.”
